

## HEAT PROBLEM TO CONFRONT COUNCIL

County Body Tomorrow Will Consider Proposition of Placing Plant Under Court House

### TWO WAYS OPEN TO THE BOARD

May Erect New One or Repair Present Plant at Estimated Cost of \$10,000

When the county council meets tomorrow one of the things that will likely be considered is the placing of the heating plant under the court house. The problem of heating the court house has given more or less trouble since the building was completed and it is no nearer solution now than ten years ago.

The power plant, located in the rear of the jail, is in bad condition and some money will have to be expended to get it in proper working order for the coming winter. The attitude of the county council towards the proposition is not known but it is known that the subject will be brought before that body. The real purpose of the meeting is to appropriate money to pay the city for lighting the street lamps around the court house.

With the increased price in coal, there are some who believe the county would make money in the long run by installing a plant in the basement of the court house. It has been estimated that the county's fuel bill for this winter will be close to \$100 a month and this is not counting the cost of labor. The labor cost, however, will not enter into the proposition since the plant would require a fireman wherever it is located.

In 1912 the heating plant was repaired and overhauled at a cost of \$4,490. A new stack was erected and the boilers relined. In addition to this an additional passageway from the heating plant to the court house was erected for the purpose of carrying the return steam and water. All of the radiators in the building

## RUSH COUNTY IS THANKED FOR GIFT

E. B. Thomas Receives Letter From Harold Braddock, Chairman of Red Cross War Council

### APPRECIATION IS EXPRESSED

E. B. Thomas, chairman of the Rush county chapter of the Red Cross, today received a letter from Harold Braddock, secretary of the Red Cross War Council, thanking the people of Rush county for the response to the appeal for war relief funds. The letter follows:

The call of America for a Red Cross War Fund in her greatest crisis has been answered. Men and women of every nationality and station in life have contributed alike to its success. The War Council cannot directly express appreciation to every person who has rendered service in this great campaign, but the success of the campaign would be incomplete were we to fail to convey personally our regard for the splendid service rendered by the men and women of Rush county.

The tangible results accruing from this campaign, great as they are, will be less than the intangible benefits, just as the material gifts are small in comparison with the giving of self. It is the spirit of an army that wins battles, and the spirit of our citizens is what will determine our country's future.

Again assuring you of our appreciation, I remain

Very cordially yours,  
HAROLD BRADDOCK,  
Secretary for War Council

## CAMPAIGN FOR MEN TO END THIS WEEK

On And After July First Men Can Not Volunteer For Service in Company B or Regular Army

### TOMORROW THE LAST CHANCE

Captain Carey Will be Here Saturday Afternoon and Evening to Conduct Examinations

Tomorrow night will mark the close of the campaign to recruit Company B. of this city to war strength. On and after July 1 it will be impossible for a man to volunteer and the vacancies in the regular army and the national guard will be filled by conscription.

Captain Carey of the Indiana National Guard will be here tomorrow afternoon to examine the men who have applied for admission to Company B. Five more men are required to raise Company B to war strength, which is 150. Eight men have been recruited and Captain Kiplinger hopes to have at least ten more for examination before Captain Carey leaves here tomorrow night. The examinations will be conducted in the sheriff's office of the court house, which is the company's headquarters. Non-commissioned officers school for Company B. was held last night.

Advices from Washington today are that army units will not keep their names, but that regiments will be distinguished by number and branch only, the regulars coming first. Under the proposed system of the war department, the regular regiments will retain their present names from the "First Infantry," "First Cavalry," etc., upward. The national guard regiments will be renamed, their numbers beginning where those of the regulars end, and the new units to be organized under the draft will take their numbers up from the last of the guard regiments.

For purposes of local identification, but not in the official records, national guard and national army regiments will be permitted to use in parenthesis after their names the names of the state from which they came. In the case of the National Guard the former name of the regiment may be used in full parenthesis, including both the name of the state and the former state number. Thus national army regiment could be called the "Two Hundred and Fifth Infantry (West Virginia)" or the "Sixty-fifth Field Artillery (Minnesota)" while a National Guard regiment might use the designation "Sixty-sixth Infantry (First Indiana) or "Tenth Engineers" (Twenty-second New York.)" No parenthesis would imply regulars.

Thus it will be seen from this that though Company B. may retain its company letter, the fact that it was once a part of the Fourth Indiana Infantry will be noted in parenthesis, but the regiment will have another name in the new army.

### CONSIDERS WAR EXISTS

Greece Holds This Attitude in Regard to Germany, Report Says

(By United Press.) London, June 29.—That the new government in Greece considers that a state of war exists between Greece and the central powers was asserted in dispatches from Athens today.

Frank Byrd has filed suit against Chester M. George, for an accounting, demanding \$80.50. Byrd was a tenant on the George farm and in settling their accounts, following a dissolution of the partnership, Byrd claims George owes him the sum of \$80.50.

## WILL GO TO HIGHER COURT

Case of Fred Hilligoss Against Andrew Jackson Appealed

The court today granted an appeal to the appellate court of the case of Frederick Hilligoss against Andrew Jackson. The suit was to foreclose a landlord's lien and the court found for the defendant for costs. A motion for a new trial was overruled yesterday. The appeal bond was fixed at \$150 and ninety days given in which to file a bill of exceptions.

## TRYING TO SAVE BEER AND WINE

Wilson Throws His Influence Into Senate Fight Against Drastic Dry Measure

### WANTS TO FORCE COMPROMISE

Sends Word That Turmoil Arising From Wet and Dry Fight May Hold up Food Bill a Month

(By United Press.) Washington, June 29.—President Wilson is throwing his influence into the senate fight to save beer and wine.

Greatly exercised at the consequence of jamming through at the present time, a drastic prohibition measure, which he believes would be a blow at personal liberty, the president is endeavoring to force a compromise to the senate dry amendment, so that distilled goods will be stopped.

The president personally acted today to modify the prohibition measure in the senate and the food control bill.

He sent word to the members of the senate that turmoil arising about the wet and dry fight threatened to hold up the passage of the food bill a month or more and declared that this might prove disastrous.

The president conferred with democratic leaders, urging a modification of the dry amendment as reported by the senate agriculture committee.

Senator Lewis, Illinois, democratic whip, today introduced a bill in the senate designed to be a substitute for the dry amendment to the food measure.

It provides for the prohibition of spirit production or any intoxicant containing more than 10 per cent alcohol.

### CONSERVE STAMP SUPPLY

Urged Not to Use 1-Cent Stamps When Larger Ones Will Do

The postal authorities here urge that people not use one-cent stamps when more than one is required in order to conserve the stamp supply. The same thing applies when stamps of larger denominations are required. Many persons use two 1-cent stamps when they could use one two-cent stamp. The government can make a dollar stamp just as cheap as a one-cent stamp. The British allowed Germany to ship dye for use in making stamps before America declared war, but since that supply has been cut off, there is a shortage, it is stated.

### NORWAY SENDS A PROTEST

Raises Objections Because of German Plots Lately Uncovered

(By United Press.) Christiania, June 29.—The foreign minister today announced that Norway had protested to Germany over the recent plots, uncovered in the arrest of a German agent. It was stated the government had not yet received a reply.

## BOY'S ELBOW DISLOCATED

William Baker, 12 Suffers Injury at Swimming Pool Today

William Baker, 12, who makes his home with Mr. and Mrs. Charles Baker in North Harrison street, sustained a dislocated elbow this morning at the swimming pool near the old gun club grounds. He slipped on the springing board and in falling struck his arm against the board. For a time it was feared his left arm was broken but it was dislocated and caused him great pain.

## TO DESIGNATE MEN WITHIN ONE MONTH

Likely That County Conscription Board Will be Called on to Make Exemption Soon

### RULES GRADUALLY PUBLIC

Certain There Will be no Class Exemptions—Each Man to be Appraised as Individual

It is the belief here that the Rush county men who are to serve in the new army to be raised by conscription will be designated within at least thirty days or possibly sooner. The county exemption boards have been announced and every day some brief announcement comes from Washington throwing a little more light on the methods which will be used in the exemption.

The local boards will decide the exemptions and each case will be taken up separately. This has been determined definitely. Furthermore, it is certain that there will be no exemptions by classes. The Rush county exemption board will be the same as the registration board, as announced in this newspaper a few days ago. It will be composed of Clerk George Moore, Sheriff Vorhees Cavitt and Dr. W. S. Coleman.

The board will have a much more difficult task than it did at the registration. The members will be besieged not only by young men themselves of conscription age, but by the parents as well. They are well aware of what they should expect in the way of appeals because some parents are determined to leave no stone unturned to keep their sons at home.

It is understood, judging from information coming from time to time in dispatches from Washington, that only the general procedure of the county boards will be outlined in the regulations issued by the government. It is regarded as practically settled that each man will be appraised on his individual occupation and physical capacity when his name is called and he is summoned before the Rush county board.

As a matter of course no man with serious physical defects will be called on for military service. Crippled or defective persons among those who were registered were noted at the time and it is possible they already have been dropped from the rolls. The judgment of the civilian doctors who are attached to local exemption boards as to the ability of any individual to bear the hardships of a soldier's life will be a determining factor.

Married men will not be exempted as a class. In each case the object of the board will be to determine whether the dependency of wife, children or other relatives on any man is so complete as to warrant his rejection as a soldier.

Probably the boards will receive suggestions as to occupational exemption. The government can outline generally the professions or trades which must be kept at full strength behind the fighting lines. The importance of an individual in that profession or trade, however, can only be determined by the local

Continued on Page 8.

## REGISTRATION OF WOMEN RESUMED

Decided Falling Off Noted Yesterday But Rush Starts Again Today After New Ruling

### FIRST WEEK OF THE SESSION

Less Than Thousand Registered, Which Means There Will be Rush Later in 60-Day Period

With the resuming of the registration of women, following a conference yesterday between the attorney general and Judge Thornton, the rush was again started at the Rush county registration board today. A total of 569 had registered at the close of business yesterday. Five women appeared before the board this morning and registered, the first to do so under the new order.

There was a decided falling off yesterday in the registration when the women stopped registering. Many women are determined to register now for fear the court or the attorney general again changes the plan for registration. Only thirty-four registered yesterday.

The board has been in session one week today and the small registration forecasts a rush before the sixty-day period expires. It has been estimated that between 10,000 and 12,000 persons will register and with less than a thousand registered the first week, there is bound to be a rush later on, if the daily average is not greater than it was the first week. A busy day is expected Saturday as a great many country people are expected to register.

The shadow of an injunction threatening officials with contempt of court if they permitted women to register for the election of delegates to the constitutional convention was removed by Judge William W. Thornton of the Marion county superior court, who held Monday in a test suit that the part of the suffrage act involved was unconstitutional. Judge Thornton announced that he will permit a liberal interpretation of his ruling so that women may register throughout the state in anticipation of a possible reversal of his decision of the Supreme court.

Conflicting opinions regarding the right of women to register had been expressed by officials and the uncertainty existing threatened to tie the hands of registration boards which might be inclined to permit registration. Judge Thornton's decision not to hold officials in contempt of court was announced after a conference yesterday afternoon.

### STOCKHOLDERS WILL MEET

Will Hear Modern Appliance Co. Board's Report Monday Night

A meeting of the stockholders of the Modern Appliance company has been called for the court house assembly room Monday night at seven-thirty o'clock to hear a report of the board of directors. A complete report will be made of everything which has transpired since the last meeting, which will include the erection of the building. The letter to stockholders says the plant is fully equipped and in running order and that the routine of manufacture will commence within a day or two. The stockholders are cordially invited to inspect the plant.

### PREPARATORY SERVICE

Quarterly preparatory services will be held at the First Presbyterian church tonight at seven-thirty o'clock and the sermon will be preached by the Rev. W. M. Whitsitt of St. Paul's M. E. church. Every member is urged to be present. The church session will meet at the close of the service.

## A. G. TARPLEE IS PROMOTED IN ARMY

Son of James Tarplee Once Ordered to go to France But Order Was Rescinded

### HE IS NOW A TRUCKMASTER

Commands Motor Truck Company No. 22, Ft. Sam Houston, Consisting of 30 3-Ton Trucks

A. G. Tarplee, son of James Tarplee of this city, who was recently promoted from a clerkship in the regular army to Truckmaster of Motor Truck Company No. 22, has written his father that he was ordered to go to France with the detachment of General Pershing's troops which landed Wednesday, but that he was so invaluable that the company commander promoted him to become a truckmaster and had his name taken off the list of clerks ordered to Europe.

Mr. Tarplee was formerly a truck driver, but on May 12 he was relieved of that duty, his letter says, and appointed a clerk in the orderly room. "I took hold of the work in such a manner," he writes, "that when the company commanders were changed I was still held as a clerk."

"I worked my head off trying to get the work in shape as the old clerk had massed the papers so that it was a job to straighten them out. I no sooner had the work in shape than an order came in asking for so many men to be transferred to a truck company for duty across the water, and my name was in the list to go as clerk. The commander goes to headquarters and has my name marked off. So when the order for transfer came in, my name was not in the list. The day the order came in, my company commander (May 28) said to me, 'You are the only man I have to handle the truckmaster's job, so you write the order appointing yourself Truckmaster, Motor Truck Company No. 15, and give it to me for my signature. I did so on the 28th day of May.'"

Mr. Tarplee says that he is well liked in his company and from what he can hear from members of the company and from outsiders, his

## MINISTERS HERE TO EMPHASIZE 2 THINGS

Will Call Attention Sunday to Food Conservation Day And Women's Registration Week

### FIRST UNION SERVICE SUNDAY

The first of a series of five Sunday evening union services during the month of July will be held at the First Presbyterian church Sunday evening at 7:30 o'clock and the sermon will be delivered by the Rev. C. M. Yocum of the Main Street Christian church on the subject, "We Would See Jesus."

Ministers of the city have been called on to give two movements publicity Sunday. They have been asked to preach the gospel of food conservation because Sunday has been set aside by Herbert I. Hoover, national food director, as national food conservation day. All ministers in Rushville will formally recognize the day but none will preach a special sermon on the subject. Some of the ministers will read the letter Mr. Hoover sent out to all preachers.

The ministers have also been invited by the Woman's Franchise League of Indiana to emphasize "Registration week for women," which will be observed next week. A campaign will be conducted to get every woman to register and thus qualify to vote in the special election September 18.

## MUST ATTAIN AIMS IF THERE IS PEACE

Allies Must Have Their Objectives  
Guaranteed, Lloyd George  
States at Glasgow

### INDEMNITIES ARE ESSENTIAL

Peace Before Victory Would be the  
Greatest Disaster in The His-  
tory of Mankind

Glasgow, Scotland, June 29.—Peace can come in the world only when the allies have attained their aims and had their objectives guaranteed, Premier Lloyd George declared here today.

"Peace before victory," he added, "would be the greatest disaster in the history of mankind."

"Indemnities," he declared, "constitute an essential part of the mechanism of civilization. Without them we have no guard of repetition in other years."

"The democratization of Germany would be the best guarantee for peace. We would negotiate in a diff-

erent spirit and with less suspicion than Prussian militarism.

"Peace must be guaranteed by the destruction of Prussian military power. Germany states the British are seeking her colonies as well as Mesopotamia and Palestine. Mesopotamia was never rightly Turkish. An international peace conference will decide the disposition of Germany's colonies. Mesopotamia can never be restored to Turkish tyranny—and Armenia also.

"America has always been freedom's mainstay. She has never paid more except for freedom. Now she is sending her soldiers to the battle front to fight around liberty's standard.

"The government has carefully reckoned the chances and decided the submarine will be unable to starve those at home, or drive our armies from the field."

### COMMITTEES TO REPORT

A meeting of the representatives of the organizations which participated in the Knights of Pythias Red Cross fair will be held at the K. of P. building tonight at 7 o'clock to report what they made at the fair.

Bonnie B. Kennedy and Abram Whitlock have filed a partition suit against Lower Hale and others.

## Mid-Season Clearance Sale Prices That Make Your Buying a Pleasure

We advise you to purchase as liberally as possible during this sale as it will probably be years before goods of this character will be offered to you at such low prices. Goods at these prices will save you from 50 to 100 per cent.

All Spring and Summer Coats, Suits, Skirts and Dresses must be sold without reserve to make room for new goods that will soon arrive.

### Compare These Prices with those Quoted by Catalog Houses or any Retail Store in the Country

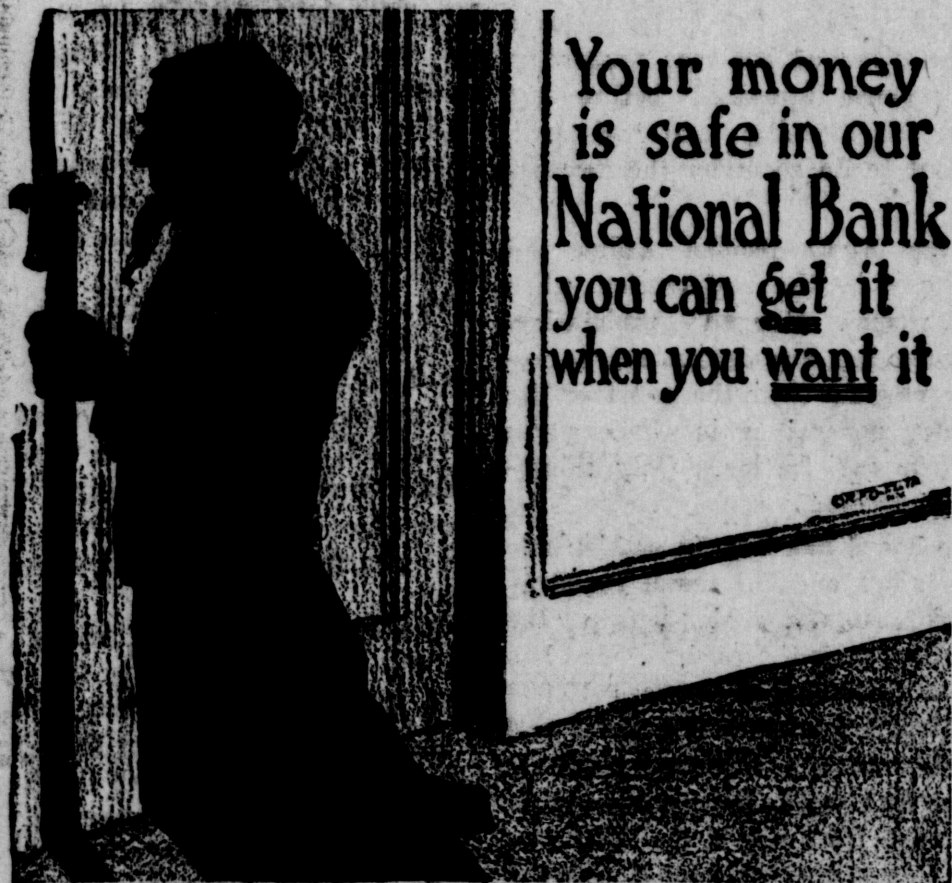

One big lot of Calico Sale Price <b>4<sup>1</sup>/<sub>2</sub>c</b>	Children's Percale and Gingham Dresses <b>Half Price</b>	Good Quality Apron Gingham worth 12 <sup>1</sup> / <sub>2</sub> c <b>9c</b>	Children's Pink and Blue 25c Hose <b>16c</b>
Hundreds of yards 36-inch Percale <b>6<sup>1</sup>/<sub>2</sub>c</b>	\$2.50 to \$3.50 long Kid Gloves <b>\$1.48</b>	More than 300 yards Table Damask, yard <b>39c</b>	Fine quality \$1.25 Muslin Gowns <b>85c</b>
9 x 12 Axminster Rugs, worth \$27.50, sale price <b>\$22.75</b>	Dress Gingham in good patterns, 18c grade sale price <b>12<sup>1</sup>/<sub>2</sub>c</b>	Standard Apron Gingham, worth 15c, sale price <b>11<sup>1</sup>/<sub>2</sub>c</b>	27 x 54 Velvet Brussels Rugs, \$2.00 grade sale price <b>\$1.59</b>

During this Sale that continues for ten days, ending Saturday evening, July 7th, almost every item in the store is drastically reduced, defying the trend of trade in the face of steadily rising prices and revolutionizing conditions. It is certainly to your interest to lay in as big a supply as you possibly can now while you can.

### TO DESIGNATE MEN FOR ARMY WITHIN A MONTH

Continued from Page 1.

board.

No inkling has been given as to the part to be assigned to those who receive part exemption to those who religious belief. They are to be freed of the necessity of firing on enemy soldiers and therefore from regular military service, but the act contemplates that they can serve in some non-combatant capacity behind the lines, and holds them liable for such service. In such cases the question of physical qualifications is wholly different, and there are many fine points that will have to be decided in that connection as the facts present themselves.

### MODERATES CHURCH CALL

Dr. D. Ira Lambert of this city, who has been officially in charge of the Newcastle Presbyterian church while the pulpit has been vacant, was in Newcastle last night where he moderated the call of the church and made arrangements for the coming of the Rev. M. M. Le Count of Lagrange, Ind., who will take up the work there. Dr. Lambert has been arranging for the supplying of the pulpit since the pastor resigned.

## MAY REVOKE NEUTRALITY

Argentina Likely to Take Step Because of Sinking of Torro

(By United Press.)

Buenos Aires, June 29—Argentina seemed likely today to announce a revocation of her neutrality between Germany and the United States

within a few hours. Sinking of the Argentine steamer Torro recently by a German submarine brought the government to a crisis. Public sentiment here favored the following of Brazil's course.

Seymour—Mrs. Charles Allman, when found bound and gagged, by neighbors attracted by her screams, said her husband did it.

Fifteen trees in the woods on the farm of Dora Hilgoss southwest of Rushville were blown down in the storm early yesterday morning. Several trees in Mr. Hilgoss' orchard were also damaged. Mr. and Mrs. Hilgoss say the wind was so strong they feared their house would be blown down.

### Rush County's Record

Few counties in the state equaled the record established by Rush county in the Red Cross Relief fund campaign and none reached that of Anderson township, which has been heralded far and wide as the one community which raised more per capita than any other community.

This speaks much for Rush county's generosity and the people's knowledge of the real condition of affairs. Once they understood that the Red Cross mercy fund was needed and needed badly they opened their purses and the money flowed freely.

No county in this vicinity outside of Marion and Wayne, although many of them are much larger than Rush, came up to the fund which Rush county raised. Wayne county had an allotment of \$25,000 and contributed \$32,000. Shelby county, which is several thousand larger in population than Rush county, gave a little less than this county. Bartholomew county, whose county seat is twice as large as Rushville and has some men who gave \$1,000 each, only donated \$17,500. Fayette

county's donation amounted to only \$10,000, which was \$3,000 over its quota. Jackson county barely reached its allotment of \$9,000.

### Substitutes For Potatoes

The efficient home maker is one who can substitute the less expensive diets for expensive ones when the necessity arises. Necessity has been called the mother of invention, but no inventive genius is necessary to find substitutes for potatoes, one of the most expensive articles of food which graces the table of any home for Miss Miriam Beall of Purdue university has written a leaflet which goes into the subject thoroughly. Miss Beall outlines the various foods that may be used in place of potatoes and that will supply the necessary food constituents. She says some thing in a brief resume of the leaflet that every housewife can do well to read. Here are some of them:

The chief food constituent of potatoes is starch. Therefore in selecting substitutes for potatoes starchy foods must be chosen. Potatoes also contain valuable mineral matter not commonly found in other starchy foods, so potato substitutes must be supplemented with an abundance of green vegetables or other foods which supply mineral matter.

Sweet potatoes are valuable as a source of starch, so they should be served instead of, rather than with, Irish potatoes as is so commonly done.

Rice has a very high percentage of starch and may be used as a substitute for potatoes, if care is taken to supply mineral matter in which the rice is lacking. Rice is mild in flavor does not become tiresome, and may be combined with many other foods of more pronounced flavor. Rice is a cheaper source of starch than potatoes, at the present price of potatoes.

Rice is often distasteful because it is carelessly prepared. It should be cooked so that each grain is tender and perfect in shape. Cooked rice which in appearance resembles paste, or which contains particles of uncooked starch is not palatable.

Rice should be thoroughly washed before being cooked, in order to remove the tale with which it may be coated. This is most easily accomplished by placing the rice, which has been looked over for foreign matter, in a sieve and immersing it in a bowl of cold water. The rice is

washed until the water ceases to be cloudy. Or, water from the faucet may be run over the rice in the sieve until the tale is removed.

Hominy should be soaked in warm water several hours before it is put over the fire. It requires long cooking. The use of a fireless cooker or a double boiler does away with the constant attention which is necessary when it is cooked over the direct flame. It may be cooked in quantities greater than needed for a single meal, stored in a cold place and served in different ways.

Cream of Wheat or Farina may be used occasionally to replace potatoes. If a portion be left over from breakfast it may be packed into baking powder cans or shallow pans to cool, then cut into slices and browned in a frying pan with enough fat to keep from burning. It may be served with meat, or syrup.

Macaroni and Spaghetti are starchy foods and dishes made from either are served in place of potatoes. If they are carefully and thoroughly cooked they are pleasing in appearance and palatable. They should be cooked in rapidly boiling water until tender, then drained and rinsed in cold water. This keeps the pieces from becoming mushy and sticking together. They may be used interchangeably in recipes for they differ in form rather than content.

Corn meal may also be served in many ways to replace potatoes.

If this row between General Goetz to digest because it is not thoroughly cooked, a process which requires three to four hours.

### Paying 37 Cents for Nickles

Collecting taxes on liquor is buying nickles at thirty-seven cents each. This is the statement of Congressman Charles H. Randall of California, and he proved it in a speech in the house the other day. He shows that the liquor traffic withdraws 107,000,000 bushels of grain from the bread supply, which would make enough bread to supply the bread ration of the 20,000,000 men called to the trenches in Europe, and still there would be left enough bread to feed a couple of million non-combatants.

Tiring of ever recurring attempts to gouge, the secretary of the navy ordered the coal, oil and steel men to make immediate deliveries to the government at a price to be fixed by the president. Good! Now kick the food hog.

Don't grieve because you let a good thing slip by when you failed to buy Liberty Bonds. Another opportunity will be along soon.

If this row between General Goetz and the shipping board does not simmer down soon the whole bunch will need disinfecting.

### NEW CAPTAIN IN CHARGE

Captain Richard Van Egmond has arrived here from Elkhart and has taken charge of the local Salvation Army. Captain Tharpe, who was at the head of the Army here for a few years, has been transferred to New Albany. Capt. Van Egmond expects an assistant to be assigned to his charge in a few days.

## HURTY ADVISES ON CARE OF BABY

Says Death Rate Among Infants  
Can be Reduced by Proper  
Care and Management

AVERAGE 976 IN 2 MONTHS

Claims Eighty Per Cent of the  
Deaths Are Preventable—  
Rules Are Given

By DR. J. N. HURTY

Secretary of the State Board of  
Health.

(Written for United Press.)

Nine hundred and seventy-six short coffins will be purchased by Indiana parents in July and August. This is expected because in the last ten years the average number of deaths annually in Indiana of children under four years of age, in the two months named, has been 976.

The pity of it is that fully eighty per cent of these innocents will die of maladies which would be prevented under a highly civilized and practical government. When the health cranks get their inning, this murder will stop, but it will never stop under the present "practical business" management.

Infantile deaths are few compared with the cases of sickness of more or less seriousness. It is estimated that there will be not less than 200,000 sick babies in order to supply the 976 deaths. The babies cannot protect themselves against so-called hot weather troubles but intelligent and conscientious parents can, and here are some things they should do:

Do not wean the baby until advised to do so by your doctor.

Never use pacifiers. They are germ carriers and cause adenoids and protruding jaws.

Never walk, trot, toss or coddle the baby.

Never let any one kiss the baby, for every adult mouth carries microbes and some are likely to be disease producing.

Bathe the baby daily and keep him as cool as possible.

Never wake the baby to show him off.

Never give a baby under one year of age anything more than milk and cool boiled water.

That baby is unfortunate who is not raised on breast milk. 85% of our dead babies were bottle fed.

If the baby is bottle fed take the greatest care to properly modify and pasteurize the milk. Also take the greatest care to see that the bottles and nipples are sterilized. The mother who tests the milk by taking the nipple into her mouth is a nasty mother. Test the temperature by dropping a few drops on the wrist.

Give the baby fresh air, fresh air and more fresh air. Never cover its face with anything, anywhere, anytime.

Don't fail to see that baby's milk is from healthy cows and collected and kept in a clean way.

Don't keep the milk in an ice box or refrigerator where other food is kept, unless bottled.

Don't accept milk with even a speck of dirt in it.

Don't strain dead or drowning flies from milk and then feed it to the baby.

Don't fail to set baby's milk in a cool, clean place, as soon as delivered.

Don't forget to scald the bottles or jars in which you keep baby's milk and let them cool before use.

Don't put off telling the doctor if the baby's food does not agree with it.

Don't use flat feeding bottles. Use round ones, graduated and with wide mouths.

Don't fail to use straight nipples which may be turned inside out for thorough cleaning.

Don't fail immediately after each feeding to wash bottle and nipple in cold water and soapsuds, lastly rinsing in cold water.

Don't fail to keep the nipple in a solution of borax or soda and to rinse it in fresh water before using.

Don't fail to have a separate bottle for each feeding.

Don't forget it should take baby ten to fifteen minutes to empty the bottle.

Don't use patent drug store baby foods soothing syrup or condensed milk unless the doctor so advises.

## SUMMER Necessities

COMFORT, SERVICE and APPEARANCE are of the highest importance in your summer wearables, because if you carry the appearance of Cool Comfort to other folks, you can but look well to them, and experience a satisfaction with yourself. Just a little thought and care as to whom you choose to assist you in the matter will produce the most happy result

## NEW PEST FOUND ON POTATO VINES

Black Beetle Riddles Leaves, According to Reports Reaching  
State Entomologist

SPRAYING GIVEN AS REMEDY

(By United Press.)

Indianapolis, Ind., June 29.—Leaves of many potato plants in Indiana are being riddled by the work of a small, black beetle, about one-sixteenth of an inch in length, according to a statement issued by Frank N. Wallace, state entomologist today.

"Some of the leaves are being so badly eaten that they look like lace work," said the statement. "Do now wait until your plants are badly damaged but spray now with bordeaux mixture and add arsenate of lead, one ounce of powdered form to two gallons of bordeaux mixture."

"This year the pest is causing more damage than the large striped potato bug but the spray will control both pests."

## TODAY'S ODDEST STORY

Whiting, Ind., June 29.—Employees of the Standard Oil company here have agreed to contribute five cents to the Red Cross fund every time one of them swears while at work.

## DID YOU EVER SEE A CAT STRIKE?

Sleepy old cat lying by a rat hole. Lazy, half asleep—then, biff!

Say, if you could strike as quick and hard as that you could make Jess Willard look sick! Why don't you let your tired body muscles sleep until the right moment—and then—biff! It's all in being able to relax.

One of the greatest aids ever given to man for soothing tired muscles, overworked muscles, is Speedway Liniment. It goes right in through the skin and relieves those sore, overworked ligaments, it's soothing—restful—and wonderfully upbuilding. Trouble with most people is that there are too many little biffs, little throbs, little aches that we don't take care of and soon the muscles lose their pep and comeback. Try Speedway Liniment. Put it on full strength with a good, brisk rub. It does not blister—nor stain—nor injure the most delicate fabric. Pleasant to use as toilet water. Relieves neuralgia, rheumatism, sprains, bruises, soreness anywhere. In 25c, 50c and \$1.00 sizes at Hargrove & Mullin and F. B. Johnson & Co. Just try it.—(Adv.)

Special sale of trimmed hats, Friday and Saturday, \$1.50 and \$2.00 at Mrs. Neutzenhelers, 124 West 3rd.

The Queen Esther Circle will have a cake exchange Saturday in the Harriet Plough millinery store.

\*\*\*

Five hundred was a delightful pastime for the twelve members of the Harmony club, last evening when they had their regular meeting with Mrs. Frank Flint, at her home in West First street. Late in the evening, the hostess served refresh-

ments. Miss Flora Gutaphel will be hostess to the club in two weeks.

The first of a series of parties, complimentary to Mrs. Al Simms of Cincinnati, formerly of this city, was given by Mrs. Catherine Horr, yesterday afternoon at her home in West Third street. Masses of red roses lent their fragrance to the pretty parlors, in which the twenty-four guests enjoyed the afternoon over euchre, Mrs. Mart Cayne, Mrs. William Fitzgerald and Mrs. George Perkins were the recipients of the unique trophies. Late in the afternoon the guests were invited to the dining room, where garlands of sweetpeas adorned the prettily laid table. A delicious two course din-

ner was served. Another of the series will be given this afternoon by Mrs. William Fitzgerald assisted by Mrs. Ed Bishop.

\*\*\*

Mr. and Mrs. A. L. Gary had Mr. and Mrs. James Ball and family of Enid, Okla. as dinner guests, yesterday evening at their home in North Harrison street.

\*\*\*

Twelve members of the Grand club were royally entertained by Mrs. George Aultman, yesterday afternoon at her home in West First street. The guests were entertained with lively rounds of bridge after which the tables were cleared and spread for a dainty luncheon. The club will meet with Mrs. A. L. Riggs in two weeks.

\*\*\*

One guest, Mrs. Harry Trabue and all of the members of the Yomo club but one, were present, yesterday afternoon, when the club was delightfully entertained by Mrs. Scott Hosier, at her home in North Morgan street. During the afternoon, plans were made for a pitch-in to be given tonight at the home of Mr. and Mrs. Emmett Fegley. Needlework made a pleasant pastime for the guests and refreshments were served at the conclusion of the afternoon. Mrs. Howard Ewbank will entertain the club in two weeks.

\*\*\*

A pretty wedding was solemnized last evening at nine o'clock, when Mrs. Emma Moore and Ernest Kinsley were married at the home of the bride in Cerro Gordo street, fifteen friends and relatives were present. The home was attractively decorated with masses of sweetpeas and roses, an appropriate color scheme of pink and white predominating. After the ceremony dainty refreshments were served. Mr. and Mrs. Kinsley will be at home at 217 Cerro Gordo street.

\*\*\*

A militant spirit was shown in the decorations of the home of Mrs. Homer Powell, yesterday afternoon, when she entertained the members of the Social Dozen club and three guests, Mrs. Vancleve, Mrs. Frank Sparks and Mrs. Margaret Field, at her home in North Morgan street. Masses of flags were draped on the walls and the national colors floated from the chandeliers. Red and white roses embellished the center of the table on which the luncheon was served, which also offered a color scheme of red and white. In two weeks, Mrs. Jesse Poe will entertain the club.

## Amusements

Clara Kimball Young will be seen at the Princess tonight in the picture of Eugene Walters play, "The Easiest Way." It is the story of a young actress, who, to get an engagement, accepts the influence of a wealthy man and pays the traditional price. Saturday Douglas Fairbanks will be seen in the comedy drama, "The Americano."

## Asparagus a Good Vegetable To Can

(The following is the third of a series of articles written for the United Press by Purdue university experts on canning.)

Asparagus is a spring vegetable which is not canned as much as it should be. To can, prepare for table use, cutting off all woody parts. Have stalks just long enough to be placed on end in the can. Wide mouthed pint cans are the best for this purpose. Place the stalks in a wire basket or piece of cheese cloth and put in boiling water for five minutes.

Take out and plunge immediately into cold water. Put two inches of water into cans and add one teaspoon of salt to each pint can.

Place new rubber and put top on loosely. Place in boiler, as the jars are filled with air in place of water they will have to be weighed down. Cover with warm water an inch above the cans. Bring water to the boiling point as soon as possible and boil for one hour. Take out at once and tighten tops. The reason for not filling the can with water is to avoid having the tender tips being water soaked. The air in the can is sterile and if the can is air tight there will be no danger of spoiling.

The Gem offers an episode of "The Double Cross" for the first picture of tonight's program. The second is "Pathe News" and the last picture is a comedy, "Deep Dyed Villany." Tomorrow Shorty Hamilton will be seen in the comedy, "Shorty Traps a Lottery King." Next Monday Frederick Warde will be seen in the feature production "Hinton's Double."

Unjustly accused and falsely convicted, Jane Lee served a long term in prison, when the man who sent her there should have been serving the sentence because of his own misdeeds. Once she gained her freedom the girl took matters into her own hands and started to collect her own vengeance. Just how well she succeeded will be depicted in the feature picture "The Saintry Sinner" at the Lyric tonight. Ruth Stonehouse and Jack Mulhall are featured. There is a fine study in the psychology of crime; exciting incidents raise the action of the piece out of the commonplace, and the clever acting of the principals accentuates the interest in the unfolding story.

The women of the United Presbyterian church will hold an exchange at the Kramer Meat market, Saturday June 30th. 9211

Just arrived today, all the latest sheet music. Boxley's Piano store. 9211.

A marriage license was issued yesterday afternoon to Victor B.

## Dirty, Mean, Disagreeable, Dark Brown Taste Every Morning?

You need Pepsinco. Say it again so you won't forget it—Pepsinco—then stop at the drug store and get a small package—that is, if you have that taste.

## Notice to Contractors.

Notice is hereby given that the Board of Commissioners of Rush County, Indiana, will receive sealed bids at their office in the court house at Rushville, Indiana, up until 2 o'clock p. m. on

MONDAY, JULY 2, 1917, for the construction of the Henry E. Guffin et al. road in Union township, Rush county, Indiana, according to the plans and specifications now on file in the county auditor's office. Said road to be constructed of macadam. Estimated cost, \$37,997.40. Bids must be accompanied by bonds as by law required. The Board reserves the right to reject any and all bids.

Witness my hand and the seal of the Board of Commissioners this 11th day of June, 1917.

WILLIAM H. McMILLIN, Auditor Rush County, Ind.

June 15-22-29

## NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County,

In the Rush Circuit Court, May Term, 1917.

Alta Grimes vs. Jesse L. Grimes.

Complaint No. 1176.

No comes the plaintiff, by Chauncey W. Duncan, her attorney, and files her complaint herein, together with an affidavit, that the residence of the defendant, Jesse L. Grimes is unknown and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless he be and appear on the first day of the next term of the Rush Circuit court, to be holden on the first Monday of September A. D. 1917, at the court house in Rushville, in said county and state, and answer or demur to said complaint, the same will be heard and determined in his absence.

In witness whereof, I have hereunto set my hand, and affixed the seal of said court at Rushville, Indiana, this 20th day of June, A. D. 1917.

GEO. B. MOORE, JR., Clerk.

June 22-29-July 13

## JOSHUA KINGFIELD IS DEAD AT MOSCOW

## Aged Miller, After Five Years of Helplessness Due to Paralysis, Expires Thursday

Joshua Kingfield, 68 years old, died yesterday at his home in Moscow, following a long illness from paralysis. He suffered the first stroke about five years ago and since that time had been practically helpless. For many years Mr. Kingfield was engaged in the milling business in Moscow. He was born in Shelby county but had lived in Moscow for the past forty years.

He is survived by his widow and two daughters, Mrs. E. G. Barlow of Moscow and Miss Mina Kingfield of Shelbyville. The funeral services will be conducted Saturday afternoon at two o'clock in the Moscow Christian church by the Rev. John Seidl. Burial will take place in the Moscow cemetery.

## WIDOW AND 2 DAUGHTERS LEFT

London, June 29.—British troops struck a sudden and tremendous blow today southwest of Oppy, capturing German positions on a front of 2,000 yards and taking all objectives. Field Marshal Haig also reported additional successes at Avion.

Oppy is one of the foundation points of the entire German line. It is about six miles from Lens, so that the assault there may be considered a part of the general offensive against the coal city.

The Germans evidently had withdrawn many troops too near Lens to meet the British attack there and Haig choose a weak place in the German line at Oppy for the attack.

The Paris officials statement declared today that heavy blows were struck by the Germans on the banks of the Meuse but all failed.

The Paris officials statement declared today that heavy blows were struck by the Germans on the banks of the Meuse but all failed.

## A. G. TARPLEE PROMOTED IN THE ARMY SERVICE

Continued from Page 1.

company is rated as being the best in the group, which consists of eleven truck companies. He points out that the name which a truck company has depends much on the truckmaster and that a poor truckmaster will ruin a company just as quickly as a poor commander.

Truckmaster Tarplee now has a clerk of his own and finds his work is not so confining as formerly and that he has a little time for rest and recreation. His company consists of thirty three-ton trucks and one roadster and he is keeping all of the trucks on the road every day, according to his letter. This is enough to keep one man busy, let alone looking after the company in general, writes, Mr. Tarplee.

Mr. Tarplee says that the promotion came to him unsolicited. He also intimates that his company may be transferred to Louisville, Ky., and expresses a hope that the rumor may become a reality.

## WOMEN GIVE OUT

## Housework is hard enough when healthy. Every Rushville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Rushville woman's experience:

Mrs. Joseph S. Endicott, 125 S. Harrison St., Rushville, says: "Sometimes I overdo at my housework and take cold and it is at just such occasions as this, that I have trouble with my back. Once the doctor pronounced it an attack of lumbago. My back became so lame that I was miserable and everything in the way for work wore me out. When stooping, sharp catches seized me across, the small of my back. Doan's Kidney Pills, which I got at Pitman & Wilson's Drug store never failed to cure me of these spells."

## DESCRIBES CAMP LIFE ON BORDER

Albert E. Armstrong, Formerly of  
Near Glenwood, Now Member of  
Co. F. 64th Infantry

WRITES LETTER BACK HOME

Says All International Bridges and  
Buildings at El Paso Are Be-  
ing Well Guarded

The following is a letter from Al-  
bert E. Armstrong, formerly of near  
Glenwood, who is a member of Com-  
pany F, Sixty-fourth United States  
Infantry, stationed at Fort Bliss  
Texas.

Our company has been in El Paso  
since last Sunday. We are here on  
special guard duty, guarding all gov-  
ernment buildings, the city power  
plant, ware houses, gas tanks and  
the two bridges that cross the Rio  
Grande into Juarez, Mexico. There  
is nothing more serious than usual,  
but the border is being very care-  
fully guarded. There is always some-  
thing doing along the border.

A band of Mexicans fired on a  
company of U. S. cavalry at Ysleta  
Tuesday night (June 12). A com-  
pany of infantry from our regiment  
was hurried to Ysleta, but there was  
no further trouble. Ysleta is only  
ten miles east of here.

We will be relieved of guard duty  
next Sunday (June 15) and will re-  
turn to Fort Bliss. Next week we  
go to the rifle range for a week's  
target practice. We are not allowed  
to cross over into Juarez, but can  
go all over El Paso when we are off  
duty. The business and residence  
sections of El Paso are up-to-date  
and are as nice as any of our In-  
diana cities. But the Mexican quar-  
ters along the Rio Grande are filthy  
and over-crowded.

About two-thirds of El Paso's  
ninety thousand inhabitants are  
Mexicans. Every Mexican "casa"  
has from one to six kids and an av-  
erage of a dozen cats and dogs all in  
one room.

We have been in Texas just one  
month today (June 15) and are al-  
most used to the climate and sand-  
storms. The temperature ranges  
from 102 to 118 and there is no  
shade. There is always a breeze  
from the Pacific ocean six hundred  
miles to the southwest of us. The  
wind blows almost invariably from  
the southwest. We have a sand-  
storm every other day. I would  
rather face our fiercest snowstorms  
than to be out in the commonest

## RUSHVILLE MAN MAY BE IN FRANCE

Last Letter Received From J. O.  
Sommerville Written June 10  
at Hoboken, N. Y.

WAS TO HIS MOTHER, MRS. FOX

He Says They Expected Orders to  
Proceed to West Battlefront—  
Promoted to Sergeant

A Rush county man is probably  
with Gen. Pershing's forces in  
France. The soldier referred to is  
J. Oden Sommerville, son of Mrs.  
Christian Fox, corner of First and  
Pearl street. There is every reason  
to believe that he landed in France  
Wednesday with the detachment of  
Gen. Pershing's troops.

Sergeant Sommerville is now in  
command of a motor truck, having  
been promoted to the motor service  
because of his competent service the  
last six years. Mrs. Fox received a  
letter a short time ago dated June  
10 and sent from Hoboken, N. Y., in  
which her son stated they were there  
awaiting orders, expecting the or-  
ders to carry them to France.

Sergeant Sommerville was with  
Gen. Pershing's forces last summer  
in Mexico and for the past few  
weeks had been in the east getting  
ready for the expedition to France.  
The letter, which is the last word  
Mrs. Fox has had from her son, fol-  
lows:

Hoboken, N. Y.  
June 10, 1917

Dear Mother:—

We are here awaiting orders and  
what those orders will be nobody  
knows but I think will be orders to  
proceed to France. Now don't  
worry about this for I am in branch  
of the service where there is very  
little danger for we will never be  
right up at the first line as the other  
troops will be for the motor trucks  
will be hauling supplies from the  
rear and will never be very close to  
the enemy at any time.

Now if you will just look at this  
in the same light as I do you will be  
glad you have a son to send and only  
sorry you have not got more. I  
passed through Indianapolis about  
five days ago but did not stop and it  
was about two a. m. when we got  
there so I could not see you as I  
would like to. Give Glen my best  
love and tell him to be good. I am  
sending you the only picture I have  
and it is not a very good one but it  
is all I have. Well, I will have to  
close for this time. With all the  
love a son can have for a mother  
and brother.

ODEN.

Address: Motor Truck Co. No. 104.  
D. Q. M., New York.

sandstorms here.

Our regiment is made up of offi-  
cers and men transferred from the  
Thirty-fourth infantry and about  
one thousand volunteers. There are  
several boys from Indiana in my  
company. Vert Conner of Center-  
ville, Herschel Showalter of Rich-  
mond and a young fellow named  
Shank of near Waterloo are the ones  
with whom I am best acquainted.  
There were a lot of homesick boys  
while we were at Camp Baker. Af-  
ter we moved to Fort Bliss and be-  
gan drilling, they brightened up and  
now are becoming accustomed to ar-  
my life in Texas whirlwinds.

We do not know how long we will  
be at Fort Bliss nor where we will go  
when we leave Fort Bliss. We all  
hope that we will be transferred to  
some training camp in the north or  
east where we can see something be-  
sides cactus, sage brush, sand and  
barren mountain peaks.

The Sixteenth infantry left Fort  
Bliss two weeks ago and it is report-  
ed they were bound for France.  
That is General Pershing's regiment.  
We may be called any time, but as  
months. There is some talk of split-  
ting the regiment again. As soon as  
they start to draft, if the regiment  
is divided to form a new one, we may  
be kept in the United States until  
next spring. We are sure to see ser-  
vice abroad if the war lasts that  
long. Unless America does some-  
thing on the west front this autumn,  
it is sure to last far into 1918.

By the way, our regiment has the  
honor of purchasing more Liberty  
bonds than any other regiment and  
it is the baby regiment at that.  
(That is it is the newest regiment.)  
I could tell you much about our

In this era of high prices the above is a daring statement to  
make, but we are fully prepared to make good on it.

Our superb line of SHOES FOR MEN carries exactly the  
qualities that every "man who knows" values above price.

Our splendid line of SHOES FOR WOMEN have all of the  
same qualities. These lines of shoes are the peers of any now  
on the market. Wear them once—you'll keep right on.

Let us FIT you with as near a PERFECT shoe as is made.

## Winship and Denning

## Attention Mr. Farmer

Vaccinate your hogs with the Swine Breeders Pure Serum made  
at Thorntown, Indiana, and be assured of good success  
in your vaccination.

We administer serum for \$1.75 a hundred or 1 3/4 cents a cc. for  
non-stockholders. That is, put in the hog, and \$1.35 per c. c.  
for stockholders. This is strictly a high class serum and gives the  
farmer good insurance against the ravages of HOG CHOLERA.  
We are prepared to answer calls for vaccination at all times and  
have an office with the Nipp Insurance Co., over the Rushville  
National Bank.

F. E. WOLCOTT, Nyals Druggist.

**Four Models of Reo Fours**

THIS SEASON YOU CAN have your favorite car  
—Reo the Fifth, "the Incomparable Four"—in  
any of the models shown here.

THE MOST POPULAR, of course, is that wonder-  
ful five-passenger touring car.

IT IS SAID that more cars of this model than any  
other make, crossed the Continent last season.

JUST THINK OF THAT—a trip that a few years  
ago was considered impossible—till a Reo proved  
it wasn't.

THE ROADSTER (3-passenger) comes next in popu-  
larity, and then the two models equipped with  
"All Seasons" tops.

NOW, NO MATTER which of these four Reo  
models you prefer, there's one rule that applies to  
all—the tremendous over-demand.

ONLY THOSE WHO order now and take delivery,  
can be sure of getting a Reo of any model.

SO DON'T DELAY—today won't be a minute  
too soon.

## HEAT PROBLEM TO CONFRONT COUNCIL

County Body Tomorrow Will Consider Proposition of Placing Plant Under Court House

### TWO WAYS OPEN TO THE BOARD

May Erect New One or Repair Present Plant at Estimated Cost of \$10,000

When the county council meets tomorrow one of the things that will likely be considered is the placing of the heating plant under the court house. The problem of heating the court house has given more or less trouble since the building was completed and it is no nearer solution now than ten years ago.

The power plant, located in the rear of the jail, is in bad condition and some money will have to be expended to get it in proper working order for the coming winter. The attitude of the county council towards the proposition is not known but it is known that the subject will be brought before that body. The real purpose of the meeting is to appropriate money to pay the city for lighting the street lamps around the court house.

With the increased price in coal, there are some who believe the county would make money in the long run by installing a plant in the basement of the court house. It has been estimated that the county's fuel bill for this winter will be close to \$100 a month and this is not counting the cost of labor. The labor cost, however, will not enter into the proposition since the plant would require a fireman wherever it is located.

In 1912 the heating plant was repaired and overhauled at a cost of \$4,490. A new stack was erected and the boilers relined. In addition to this an additional passageway from the heating plant to the court house was erected for the purpose of carrying the return steam and water. All of the radiators in the building

Continued on Page 7.

## RUSH COUNTY IS THANKED FOR GIFT

E. B. Thomas Receives Letter From Harold Braddock, Chairman of Red Cross War Council

### APPRECIATION IS EXPRESSED

E. B. Thomas, chairman of the Rush county chapter of the Red Cross, today received a letter from Harold Braddock, secretary of the Red Cross War council, thanking the people of Rush county for the response to the appeal for war relief funds. The letter follows:

The call of America for a Red Cross War Fund in her greatest crisis has been answered. Men and women of every nationality and station in life have contributed alike to its success. The War Council cannot directly express appreciation to every person who has rendered service in this great campaign, but the success of the campaign would be incomplete were we to fail to convey personally our regard for the splendid service rendered by the men and women of Rush county.

The tangible results accruing from this campaign, great as they are, will be less than the intangible benefits, just as the material gifts are small in comparison with the giving of self. It is the spirit of an army that wins battles, and the spirit of our citizens is what will determine our country's future.

Again assuring you of our appreciation, I remain

Very cordially yours,  
**HAROLD BRADDOCK,**  
Secretary for War Council

## CAMPAIGN FOR MEN TO END THIS WEEK

On And After July First Men Can Not Volunteer For Service in Company B or Regular Army

### TOMORROW THE LAST CHANCE

Captain Carey Will be Here Saturday Afternoon and Evening to Conduct Examinations

Tomorrow night will mark the close of the campaign to recruit Company B. of this city to war strength. On and after July 1 it will be impossible for a man to volunteer and the vacancies in the regular army and the national guard will be filled by conscription.

Captain Carey of the Indiana National Guard will be here tomorrow afternoon to examine the men who have applied for admission to Company B. Five more men are required to raise Company B to war strength, which is 150. Eight men have been recruited and Captain Kiplinger hopes to have at least ten more for examination before Captain Carey leaves here tomorrow night. The examinations will be conducted in the sheriff's office of the court house, which is the company's headquarters. Non-commissioned officers school for Company B. was held last night.

Advices from Washington today are that army units will not keep their names, but that regiments will be distinguished by number and branch only, the regulars coming first.

Under the proposed system of the war department, the regular regiments will retain their present names from the "First Infantry," "First Cavalry," etc., upward. The national guard regiments will be renamed, their numbers beginning where those of the regulars end, and the new units to be organized under the draft will take their numbers up from the last of the guard regiments.

For purposes of local identification, but not in the official records, national guard and national army regiments will be permitted to use in parenthesis after their names the names of the state from which they came. In the case of the National Guard the former name of the regiment may be used in full parenthesis, including both the name of the state and the former state number. Thus national army regiment could be called the "Two Hundred and Fifth Infantry (West Virginia)" or the "Sixty-fifth Field Artillery (Minnesota)" while a National Guard regiment might use the designation "Sixty-sixth Infantry (First Indiana) or "Tenth Engineers" (Twenty-second New York.) No parenthesis would imply regulars.

Thus it will be seen from this that though Company B. may retain its company letter, the fact that it was once a part of the Fourth Indiana Infantry will be noted in parenthesis, but the regiment will have another name in the new army.

## CONSIDERS WAR EXISTS

Greece Holds This Attitude in Regard to Germany, Report Says

(By United Press.)  
London, June 29.—That the new government in Greece considers that a state of war exists between Greece and the central powers was asserted in dispatches from Athens today.

Frank Byrd has filed suit against Chester M. George, for an accounting, demanding \$80.50. Byrd was a tenant on the George farm and in settling their accounts, following a dissolution of the partnership, Byrd claims George owes him the sum of \$80.50.

## WILL GO TO HIGHER COURT

Case of Fred Hilligoss Against Andrew Jackson Appealed

The court today granted an appeal to the appellate court of the case of Frederick Hilligoss against Andrew Jackson. The suit was to foreclose a landlord's lien and the court found for the defendant for costs. A motion for a new trial was overruled yesterday. The appeal bond was fixed at \$150 and ninety days given in which to file a bill of exceptions.

## TRYING TO SAVE BEER AND WINE

Wilson Throws His Influence Into Senate Fight Against Drastic Dry Measure

### WANTS TO FORCE COMPROMISE

Sends Word That Turmoil Arising From Wet and Dry Fight May Hold up Food Bill a Month

(By United Press.)  
Washington, June 29.—President Wilson is throwing his influence into the senate fight to save beer and wine.

Greatly exercised at the consequence of jamming through at the present time, a drastic prohibition measure, which he believes would be a blow at personal liberty, the president is endeavoring to force a compromise to the senate dry amendment, so that distilled goods will be stopped.

The president personally acted today to modify the prohibition measure in the senate and the food control bill.

He sent word to the members of the senate that turmoil arising about the wet and dry fight threatened to hold up the passage of the food bill a month or more and declared that this might prove disastrous.

The president conferred with democratic leaders, urging a modification of the dry amendment as reported by the senate agriculture committee.

Senator Lewis, Illinois, democratic whip, today introduced a bill in the senate designed to be a substitute for the dry amendment to the food measure.

It provides for the prohibition of spirit production or any intoxicant containing more than 10 per cent alcohol.

## CONSERVE STAMP SUPPLY

Urged Not to Use 1-Cent Stamps When Larger Ones Will Do

The postal authorities here urge that people not use one-cent stamps when more than one is required in order to conserve the stamp supply. The same thing applies when stamps of larger denominations are required. Many persons use two 1-cent stamps when they could use one two-cent stamp. The government can make a dollar stamp just as cheap as a one-cent stamp. The British allowed Germany to ship dye for use in making stamps before America declared war, but since that supply has been cut off, there is a shortage, it is stated.

## NORWAY SENDS A PROTEST

Raises Objections Because of German Plots Lately Uncovered

(By United Press.)  
Christiania, June 29.—The foreign minister today announced that Norway had protested to Germany over the recent plots, uncovered in the arrest of a German agent. It was stated the government had not yet received a reply.

## BOY'S ELBOW DISLOCATED

William Baker, 12 Suffers Injury at Swimming Pool Today

William Baker, 12, who makes his home with Mr. and Mrs. Charles Baker in North Harrison street, sustained a dislocated elbow this morning at the swimming pool near the old gun club grounds. He slipped on the springing board and in falling struck his arm against the board. For a time it was feared his left arm was broken but it was dislocated and caused him great pain.

## TO DESIGNATE MEN WITHIN ONE MONTH

Likely That County Conscription Board Will be Called on to Make Exemption Soon

### RULES GRADUALLY PUBLIC

Certain There Will be no Class Exemptions—Each Man to be Appraised as Individual

It is the belief here that the Rush county men who are to serve in the new army to be raised by conscription will be designated within at least thirty days or possibly sooner. The county exemption boards have been announced and every day some brief announcement comes from Washington throwing a little more light on the methods which will be used in the exemption.

The local boards will decide the exemptions and each case will be taken up separately. This has been determined definitely. Furthermore, it is certain that there will be no exemptions by classes. The Rush county exemption board will be the same as the registration board, as announced in this newspaper a few days ago. It will be composed of Clerk George Moore, Sheriff Vorhees Cavitt and Dr. W. S. Coleman.

The board will have a much more difficult task than it did at the registration. The members will be besieged not only by young men themselves of conscription age, but by the parents as well. They are well aware of what they should expect in the way of appeals because some parents are determined to leave no stone unturned to keep their sons at home.

It is understood, judging from information coming from time to time in dispatches from Washington, that only the general procedure of the county boards will be outlined in the regulations issued by the government. It is regarded as practically settled that each man will be appraised on his individual occupation and physical capacity when his name is called and he is summoned before the Rush county board.

As a matter of course no man with serious physical defects will be called on for military service. Crippled or defective persons among those who were registered were noted at the time and it is possible they already have been dropped from the rolls. The judgment of the civilian doctors who are attached to local exemption boards as to the ability of any individual to bear the hardships of a soldier's life will be a determining factor.

Married men will not be exempted as a class. In each case the object of the board will be to determine whether the dependency of wife, children or other relatives on any man is so complete as to warrant his rejection as a soldier.

Probably the boards will receive suggestions as to occupational exemption. The government can outline generally the professions or trades which must be kept at full strength behind the fighting lines. The importance of an individual in that profession or trade, however, can only be determined by the local

Continued on Page 6.

## REGISTRATION OF WOMEN RESUMED

Decided Falling Off Noted Yesterday But Rush Starts Again Today After New Ruling

### FIRST WEEK OF THE SESSION

Less Than Thousand Registered, Which Means There Will be Rush Later in 60-Day Period

With the resuming of the registration of women, following a conference yesterday between the attorney general and Judge Thornton, the rush was again started at the Rush county registration board today. A total of 569 had registered at the close of business yesterday. Five women appeared before the board this morning and registered, the first to do so under the new order.

There was a decided falling off yesterday in the registration when the women stopped registering. Many women are determined to register now for fear the court or the attorney general again changes the plan for registration. Only thirty-four registered yesterday.

The board has been in session one week today and the small registration forecasts a rush before the sixty-day period expires. It has been estimated that between 10,000 and 12,000 persons will register and with less than a thousand registered the first week, there is bound to be a rush later on, if the daily average is not greater than it was the first week. A busy day is expected Saturday as a great many country people are expected to register.

The shadow of an injunction threatening officials with contempt of court if they permitted women to register for the election of delegates to the constitutional convention was removed by Judge William W. Thornton of the Marion county superior court, who held Monday in a test suit that the part of the suffrage act involved was unconstitutional. Judge Thornton announced that he will permit a liberal interpretation of his ruling so that women may register throughout the state in anticipation of a possible reversal of his decision of the Supreme court.

Conflicting opinions regarding the right of women to register had been expressed by officials and the uncertainty existing threatened to tie the hands of registration boards which might be inclined to permit registration. Judge Thornton's decision not to hold officials in contempt of court was announced after a conference yesterday afternoon.

## STOCKHOLDERS WILL MEET

Will Hear Modern Appliance Co. Board's Report Monday Night

A meeting of the stockholders of the Modern Appliance company has been called for the court house assembly room Monday night at seven-thirty o'clock to hear a report of the board of directors. A complete report will be made of everything which has transpired since the last meeting, which will include the erection of the building. The letter to stockholders says the plant is fully equipped and in running order and that the routine of manufacture will commence within a day or two. The stockholders are cordially invited to inspect the plant.

### PREPARATORY SERVICE

Quarterly preparatory services will be held at the First Presbyterian church tonight at seven-thirty o'clock and the sermon will be preached by the Rev. W. M. Whitsett of St. Paul's M. E. church. Every member is urged to be present. The church session will meet at the close of the service.

## A. G. TAPLEE IS PROMOTED IN ARMY

Son of James Tarplee Once Ordered to go to France But Order Was Rescinded

### HE IS NOW A TRUCKMASTER

Commands Motor Truck Company No. 22, Ft. Sam Houston, Consisting of 30 3-Ton Trucks

A. G. Tarplee, son of James Tarplee of this city, who was recently promoted from a clerkship in the regular army to Truckmaster of Motor Truck Company No. 22, has written his father that he was ordered to go to France with the detachment of General Pershing's troops which landed Wednesday, but that he was so invaluable that the company commander promoted him to become a truckmaster and had his name taken off the list of clerks ordered to Europe.

Mr. Tarplee was formerly a truck driver, but on May 12 he was relieved of that duty, his letter says, and appointed a clerk in the orderly room. "I took hold of the work in such a manner," he writes, "that when the company commanders were changed I was still held as a clerk."

"I worked my head off trying to get the work in shape as the old clerk had massed the papers so that it was a job to straighten them out. I no sooner had the work in shape than an order came in asking for so many men to be transferred to a truck company for duty across the water, and my name was in the list to go as clerk. The commander goes to headquarters and has my name marked off. So when the order for transfer came in, my name was not in the list. The day the order came in, my company commander (May 28) said to me, 'You are the only man I have to handle the truckmaster's job, so you write the order appointing yourself Truckmaster, Motor Truck Company No. 15, and give it to me for my signature. I did so on the 28th day of May.'

Mr. Tarplee says that he is well liked in his company and from what he can hear from members of the company and from outsiders, his

## MINISTERS HERE TO EMPHASIZE 2 THINGS

Will Call Attention Sunday to Food Conservation Day And Women's Registration Week

### FIRST UNION SERVICE SUNDAY

The first of a series of five Sunday evening union services during the month of July will be held at the First Presbyterian church Sunday evening at 7:30 o'clock and the sermon will be delivered by the Rev. C. M. Yocum of the Main Street Christian church on the subject, "We Would See Jesus."

Ministers of the city have been called on to give two movements publicity Sunday. They have been asked to preach the gospel of food conservation because Sunday has been set aside by Herbert I. Hoover, national food director, as national food conservation day. All ministers in Rushville will formally recognize the day but none will preach a special sermon on the subject. Some of the ministers will read the letter Mr. Hoover sent out to all preachers.

The ministers have also been invited by the Women's Franchise League of Indiana to emphasize "Registration week for women," which will be observed next week. A campaign will be conducted to get every woman to register and thus qualify to vote in the special election September 18.

# MUST ATTAIN AIMS IF THERE IS PEACE

Allies Must Have Their Objectives  
Guaranteed, Lloyd George  
States at Glasgow

## INDEMNITIES ARE ESSENTIAL

Peace Before Victory Would be the  
Greatest Disaster in The His-  
tory of Mankind

Glasgow, Scotland, June 20.—  
Peace can come in the world only  
when the allies have attained their  
aims and had their objectives guar-  
anteed, Premier Lloyd George de-  
clared here today.

"Peace before victory," he added,  
"would be the greatest disaster in  
the history of mankind."

"Indemnities," he declared, "con-  
stitute an essential part of the  
mechanism of civilization. Without  
them we have no guard of repeti-  
tion in other years."

"The democratization of Germany  
would be the best guarantee for  
peace. We would negotiate in a dif-

ferent spirit and with less suspicion  
than Prussian militarism.

"Peace must be guaranteed by  
the destruction of Prussian military  
power. Germany states the British  
are seeking her colonies as well as  
Mesopotamia and Palestine. Mesop-  
otamia was never rightly Turkish.  
An international peace conference  
will decide the disposition of Ger-  
many's colonies. Mesopotamia can  
never be restored to Turkish tyrany—  
and Armenia also.

"America has always been free-  
dom's mainstay. She has never  
paid more except for freedom. Now  
she is sending her soldiers to the  
battle front to fight around liberty's  
standard.

"The government has carefully  
reckoned the chances and decided  
the submarine will be unable to  
starve those at home, or drive our  
armies from the field."

### COMMITTEES TO REPORT

A meeting of the representatives  
of the organizations which partici-  
pated in the Knights of Pythias Red  
Cross fair will be held at the K. of  
P. building tonight at 7 o'clock to  
report what they made at the fair.

Bonnie B. Kennedy and Abram  
Whitlock have filed a partition suit  
against Lower Hale and others.

# Mid-Season Clearance Sale Prices That Make Your Buying a Pleasure

We advise you to purchase as liberally as possible during this sale as it will probably be  
years before goods of this character will be offered to you at such low prices. Goods at  
these prices will save you from 50 to 100 per cent.

All Spring and Summer Coats, Suits, Skirts and Dresses must be sold without reserve to  
make room for new goods that will soon arrive.

Compare These Prices with those Quoted by Catalog Houses or any  
Retail Store in the Country

One big lot of Calico Sale Price ----- <b>4<sup>1</sup>/<sub>2</sub>c</b>	Children's, Percale and Gingham Dresses <b>Half Price</b>	Good Quality Apron Gingham worth 12 <sup>1</sup> / <sub>2</sub> c ----- <b>9c</b>	Children's Pink and Blue 25c Hose ----- <b>16c</b>
Hundreds of yards 36-inch Percale ----- <b>6<sup>1</sup>/<sub>2</sub>c</b>	\$2.50 to \$3.50 long Kid Gloves ----- <b>\$1.48</b>	More than 300 yards Table Damask, yard ----- <b>39c</b>	Fine quality \$1.25 Musslin Gowns ----- <b>85c</b>

## HOG PRICES ARE TEN CENTS LOWER

Receipts Are One Thousand Less  
Than Yesterday—Grain Prices  
Steady in Chicago.

### INDIANAPOLIS WHEAT IS UP

Hog prices were ten cents lower in  
Indianapolis today with receipts one  
thousand under yesterday.

Chicago grain prices were steady  
and practically unchanged. July and  
September wheat closed at the same  
figure as yesterday. In Indianapolis  
wheat was five cents higher, but corn  
and oats were the same.

Corn was quoted at \$1.60 here to-  
day.

### TO DESIGNATE MEN FOR ARMY WITHIN A MONTH

Continued from Page 1.

board.

No inking has been given as to  
the part to be assigned to those who  
receive part exemption to those who  
religious belief. They are to be  
freed of the necessity of firing on  
enemy soldiers and therefore from  
regular military service, but the act  
contemplates that they can serve in  
some non-combatant capacity be-  
hind the lines, and holds them liable  
for such service. In such cases the  
question of physical qualifications is  
wholly different, and there are many  
fine points that will have to be de-  
cided in that connection as the facts  
present themselves.

### MODERATES CHURCH CALL

Dr. D. Ira Lambert of this city,  
who has been officially in charge of  
the Newcastle Presbyterian church  
while the pulpit has been vacant,  
was in Newcastle last night where  
he moderated the call of the church  
and made arrangements for the  
coming of the Rev. M. M. Le Count  
of Lagrange, Ind., who will take up  
the work there. Dr. Lambert has  
been arranging for the supplying of  
the pulpit since the pastor resigned.

### MAY REVOKE NEUTRALITY

Argentina Likely to Take Step Because of Sinking of Torro

(By United Press.)  
Buenos Aires, June 29—Argentina seemed likely today to announce a revocation of her neutrality between Germany and the United States

within a few hours. Sinking of the Argentine steamer Torro recently by a German submarine brought the government to a crisis. Public sentiment here favored the following of Brazil's course.

Seymour—Mrs. Charles Ahman, when found bound and gagged, by neighbors attracted by her screams, said her husband did it.

Fifteen trees in the woods on the farm of Dora Hilligoss—southwest of Rushville were blown down in the storm early yesterday morning. Several trees in Mr. Hilligoss' orchard were also damaged. Mr. and Mrs. Hilligoss say the wind was so strong they feared their house would be blown down.

## Rush County's Record

Few counties in the state equal the record established by Rush county in the Red Cross Relief fund campaign and none reached that of Anderson township, which has been heralded far and wide as the one community which raised more per capita than any other community.

This speaks much for Rush county's generosity and the people's knowledge of the real condition of affairs. Once they understood that the Red Cross mercy fund was needed and needed badly they opened their purses and the money flowed freely.

No county in this vicinity outside of Marion and Wayne, although many of them are much larger than Rush, came up to the fund which Rush county raised. Wayne county had an allotment of \$23,000 and contributed \$32,000. Shelby county, which is several thousand larger in population than Rush county, gave a little less than this county. Bartholomew county, whose county seat is twice as large as Rushville and has some men who gave \$1,000 each, only donated \$17,500. Fayette

county's donation amounted to only \$10,000, which was \$3,000 over its quota. Jackson county barely reached its allotment of \$9,000.

## Substitutes For Potatoes

The efficient home maker is one who can substitute the less expensive diets for expensive ones when the necessity arises. Necessity has been called the mother of invention, but no inventive genius is necessary to find substitutes for potatoes, one of the most expensive articles of food which graces the table of any home for Miss Mirjam Beall of Purdue university has written a leaflet which goes into the subject thoroughly. Miss Beall outlines the various foods that may be used in place of potatoes and that will supply the necessary food constituents. She says some thing in a brief resume of the leaflet that every housewife can do well to read. Here are some of them:

The chief food constituent of potatoes is starch. Therefore in selecting substitutes for potatoes starchy foods must be chosen. Potatoes also contain valuable mineral matter not commonly found in other starchy foods, so potato substitutes must be supplemented with an abundance of green vegetables or other foods which supply mineral matter.

Sweet potatoes are valuable as a source of starch, so they should be served instead of, rather than with, Irish potatoes as is so commonly done.

Rice has a very high percentage of starch and may be used as a substitute for potatoes, if care is taken to supply mineral matter in which the rice is lacking. Rice is mild in flavor does not become tiresome, and may be combined with many other foods of more pronounced flavor. Rice is a cheaper source of starch than potatoes, at the present price of potatoes.

Rice is often distasteful because it is carelessly prepared. It should be cooked so that each grain is tender and perfect in shape. Cooked rice which in appearance resembles paste, or which contains particles of uncooked starch is not palatable.

Rice should be thoroughly washed before being cooked, in order to remove the tale with which it may be coated. This is most easily accomplished by placing the rice, which has been looked over for foreign matter, in a sieve and immersing it in a bowl of cold water. The rice is

washed until the water ceases to be cloudy. Or, water from the faucet may be run over the rice in the sieve until the tale is removed.

Hominy should be soaked in warm water several hours before it is put over the fire. It requires long cooking. The use of a fireless cooker or a double boiler does away with the constant attention which is necessary when it is cooked over the direct flame. It may be cooked in quantities greater than needed for a single meal, stored in a cold place and served in different ways.

Cream of Wheat or Farina may be used occasionally to replace potatoes. If a portion be left over from breakfast it may be packed into baking powder cans or shallow pans to cool, then cut into slices and browned in a frying pan with enough fat to keep from burning. It may be served with meat, or syrup.

Macaroni and Spaghetti are starchy foods and dishes made from either are served in place of potatoes. If they are carefully and thoroughly cooked they are pleasing in appearance and palatable. They should be cooked in rapidly boiling water until tender, then drained and rinsed in cold water. This keeps the pieces from becoming mushy and sticking together. They may be used interchangeably in recipes for they differ in form rather than content.

Corn meal may also be served in many ways to replace potatoes.

If this row between General Goetz and the shipping board does not simmer down soon the whole bunch will need disinfecting.

## Paying 37 Cents for Nickles

Collecting taxes on liquor is buying nickles at thirty-seven cents each. This is the statement of Congressman Charles H. Randall of California, and he proved it in a speech in the house the other day. He shows that the liquor traffic withdraws 107,000,000 bushels of grain from the bread supply, which would make enough bread to supply the bread ration of the 20,000,000 men called to the trenches in Europe, and still there would be left enough bread to feed a couple of million non-combatants.

Tiring of ever recurring attempts to gouge, the secretary of the navy ordered the coal, oil and steel men to make immediate deliveries to the government at a price to be fixed by the president. Good! Now kick the food hog.

Don't grieve because you let a good thing slip by when you failed to buy Liberty Bonds. Another opportunity will be along soon.

If this row between General Goetz and the shipping board does not simmer down soon the whole bunch will need disinfecting.

## NEW CAPTAIN IN CHARGE

Captain Richard Van Egmond has arrived here from Elkhart and has taken charge of the local Salvation Army. Captain Tharpe, who was at the head of the Army here for a few years, has been transferred to New Albany. Capt. Van Egmond expects an assistant to be assigned to his charge in a few days.

## HURTY ADVISES ON CARE OF BABY

Says Death Rate Among Infants  
Can be Reduced by Proper  
Care and Management

AVERAGE 976 IN 2 MONTHS

Claims Eighty Per Cent of the  
Deaths Are Preventable—  
Rules Are Given

By DR. J. N. HURTY  
Secretary of the State Board of  
Health.

(Written for United Press.)

Nine hundred and seventy-six short coffins will be purchased by Indiana parents in July and August. This is expected because in the last ten years the average number of deaths annually in Indiana of children under four years of age, in the two months named, has been 976.

The pity of it is that fully eighty per cent of these innocents will die of maladies which would be prevented under a highly civilized and practical government. When the health cranks get their inning, this murder will stop, but it will never stop under the present "practical business" management.

Infantile deaths are few compared with the cases of sickness of more or less seriousness. It is estimated that there will be not less than 200,000 sick babies in order to supply the 976 deaths. The babies cannot protect themselves against so-called hot weather troubles but intelligent and conscientious parents can, and here are some things they should do:

Do not wean the baby until advised to do so by your doctor.

Never use pacifiers. They are germ carriers and cause adenoids and protruding jaws.

Never walk, trot, toss or cuddle the baby.

Never let any one kiss the baby, for every adult mouth carries microbes and some are likely to be disease producing.

Bathe the baby daily and keep him as cool as possible.

Never wake the baby to show him off.

Never give a baby under one year of age anything more than milk and cool boiled water.

That baby is unfortunate who is not raised on breast milk. 85% of our dead babies were bottle fed.

If the baby is bottle fed take the greatest care to properly modify and pasteurize the milk. Also take the greatest care to see that the bottles and nipples are sterilized. The mother who tests the milk by taking the nipple into her mouth is a nasty mother. Test the temperature by dropping a few drops on the wrist.

Give the baby fresh air, fresh air and more fresh air. Never cover its face with anything, anywhere, anytime.

Don't fail to see that baby's milk is from healthy cows and collected and kept in a clean way.

Don't keep the milk in an ice box or refrigerator where other food is kept, unless bottled.

Don't accept milk with even a speck of dirt in it.

Don't strain dead or drowning flies from milk and then feed it to the baby.

Don't fail to set baby's milk in a cool, clean place, as soon as delivered.

Don't forget to scald the bottles or jars in which you keep baby's milk and let them cool before use.

Don't put off telling the doctor if the baby's food does not agree with it.

Don't use flat feeding bottles. Use round ones, graduated and with wide mouths.

Don't fail to use straight nipples which may be turned inside out for thorough cleaning.

Don't fail immediately after each feeding to wash bottle and nipple in cold water and soapsuds, lastly rinsing in cold water.

Don't fail to keep the nipple in a solution of borax or soda and to rinse it in fresh water before using.

Don't fail to have a separate bottle for each feeding.

Don't forget it should take baby ten to fifteen minutes to empty the bottle.

Don't use patent drug store baby foods, soothing syrup or condensed milk unless the doctor so advises.

## SUMMER Necessities

COMFORT, SERVICE and APPEARANCE are of the highest importance in your summer wearables, because if you carry the appearance of Cool Comfort to other folks, you can but look well to them, and experience a satisfaction with yourself. ## NEW PEST FOUND ON POTATO VINES

Black Beetle Riddles Leaves, According to Reports Reaching  
State Entomologist

SPRAYING GIVEN AS REMEDY

(By United Press.)

Indianapolis, Ind., June 29.—Leaves of many potato plants in Indiana are being riddled by the work of a small, black beetle, about one-sixteenth of an inch in length, according to a statement issued by Frank N. Wallace, state entomologist today.

"Some of the leaves are being so badly eaten that they look like lace work," said the statement. "Do now wait until your plants are badly damaged but spray now with bordeaux mixture and add arsenate of lead, one ounce of powdered form to two gallons of bordeaux mixture."

"This year the pest is causing more damage than the large striped potato bug but the spray will control both pests."

## TODAY'S ODDEST STORY

Whiting, Ind., June 29.—Employees of the Standard Oil company here have agreed to contribute five cents to the Red Cross fund every time one of them swears while at work.

## DID YOU EVER SEE A CAT STRIKE?

Sleepy old cat lying by a rat hole. Lazy, half asleep—then, biff!

Say, if you could strike as quick and hard as that you could make Jess Willard look sick! Why don't you let your tired body muscles sleep until the right moment—and then—biff! It's all in being able to relax.

One of the greatest aids ever given to man for soothing tired muscles, overworked muscles, is Speedway Liniment. It goes right in through the skin and relieves those sore, overworked ligaments. It's soothing—restful—and wonderfully upbuilding. Trouble with most people is that there are too many little biffs, little throbs, little aches that we don't take care of and soon the muscles lose their pep and comeback. Try Speedway Liniment. Put it on full strength with a good, brisk rub. It does not blister—nor stain—nor injure the most delicate fabric. Pleasant to use as toilet water. Relieves neuralgia, rheumatism, sprains, bruises, soreness anywhere. In 25c, 50c and \$1.00 sizes at Hargrove & Mullin and F. B. Johnson & Co. Just try it.—(Adv.)

Special sale of trimmed hats, Friday and Saturday, \$1.50 and \$2.00 at Mrs. Neutzhelgers, 124 West 3rd.

The Queen Esther Circle will have a cake exchange Saturday in the Harriet Plough millinery store.

Five hundred was a delightful pastime for the twelve members of the Harmony club, last evening when they had their regular meeting with Mrs. Frank Flint, at her home in West First street. Late in the evening, the hostess served refreshments. Miss Flora Gutaphfel will be hostess to the club in two weeks.

**FRANK E. WOLCOTT**  
and other reliable druggists.

The first of a series of parties, complimentary to Mrs. Al Simms of Cincinnati, formerly of this city, was given by Mrs. Catherine Horr, yesterday afternoon at her home in West Third street. Masses of red roses lent their fragrance to the pretty parlors, in which the twenty-four guests enjoyed the afternoon over euchre, Mrs. Mart Cayne, Mrs. William Fitzgerald and Mrs. George Perkins were the recipients of the unique trophies. Late in the afternoon the guests were invited to the dining room, where garlands of sweetpeas adorned the prettily laid table. A delicious two course dinner was served. Another of the series will be given this afternoon by Mrs. William Fitzgerald assisted by Mrs. Ed Bishop.

Mr. and Mrs. A. L. Gary had Mr. and Mrs. James Ball and family of Enid, Okla. as dinner guests, yesterday evening at their home in North Harrison street.

Twelve members of the Grand club were royally entertained by Mrs. George Aultman, yesterday afternoon at her home in West First street. The guests were entertained with lively rounds of bridge after which the tables were cleared and spread for a dainty luncheon. The club will meet with Mrs. A. L. Riggs in two weeks.

One guest, Mrs. Harry Trabue and all of the members of the Yomo club but one, were present, yesterday afternoon, when the club was delightfully entertained by Mrs. Scott Hosier, at her home in North Morgan street. During the afternoon, plans were made for a pitch-in to be given tonight at the home of Mr. and Mrs. Emmet Fegley. Needlework made a pleasant pastime for the guests and refreshments were served at the conclusion of the afternoon. Mrs. Howard Ewbank will entertain the club in two weeks.

A pretty wedding was solemnized last evening at nine o'clock, when Mrs. Emma Moore and Ernest Kinsley were married at the home of the bride in Cerro Gordo street, fifteen friends and relatives were present. The home was attractively decorated with masses of sweetpeas and roses, an appropriate color scheme of pink and white predominating. After the ceremony dainty refreshments were served. Mr. and Mrs. Kinsley will be at home at 217 Cerro Gordo street.

A militant spirit was shown in the decorations of the home of Mrs. Homer Powell, yesterday afternoon, when she entertained the members of the Social Dozen club and three guests, Mrs. Vanderve, Mrs. Frank Sparks and Mrs. Margaret Field, at her home in North Morgan street. Masses of flags were draped on the walls and the national colors floated from the chandeliers. Red and white roses embellished the center of the table on which the luncheon was served, which also offered a color scheme of red and white. In two weeks, Mrs. Jesse Poe will entertain the club.

## Amusements

Clara Kimball Young will be seen at the Princess tonight in the picture of Eugene Walters play, "The Easiest Way." It is the story of a young actress, who, to get an engagement, accepts the influence of a wealthy man and pays the traditional price. Saturday Douglas Fairbanks will be seen in the comedy drama, "The Americano."

## Asparagus a Good Vegetable To Can

(The following is the third of a series of articles written for the United Press by Purdue university experts on canning.)

Asparagus is a spring vegetable which is not canned as much as it should be. To can, prepare for table use, cutting off all woody parts. Have stalks just long enough to be placed on end in the can. Wide mouthed pint cans are the best for this purpose. Place the stalks in a wire basket or piece of cheese cloth and put in boiling water for five minutes.

Take out and plunge immediately into cold water. Put two inches of water into cans and add one teaspoon of salt to each pint can.

Place new rubber and put top on loosely. Place in boiler, as the jars are filled with air in place of water they will have to be weighed down. Cover with warm water an inch above the cans. Bring water to the boiling point as soon as possible and boil for one hour. Take out at once and tighten tops. The reason for not filling the can with water is to avoid having the tender tips being water soaked. The air in the can is sterile and if the can is air tight there will be no danger of spoiling.

The Gem offers an episode of "The Double Cross" for the first picture of tonight's program. The second is "Pathe News" and the last picture is a comedy, "Deep Dyed Villany." Tomorrow Shorty Hamilton will be seen in the comedy, "Shorty Traps a Lottery King." Next Monday Frederick Warde will be seen in the feature production "Hinton's Double."

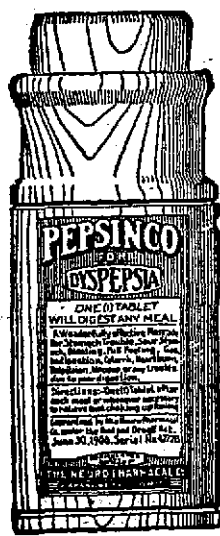

Unjustly accused and falsely convicted, Jane Lee served a long term in prison, when the man who sent her there should have been serving the sentence because of his own misdeeds. Once she gained her freedom the girl took matters into her own hands and started to collect her own vengeance. Just how well she succeeded will be depicted in the feature picture "The Saintly Sinner" at the Lyric tonight. Ruth Stonehouse and Jack Mulhall are featured. There is a fine study in the psychology of crime; exciting incidents raise the action of the piece out of the commonplace, and the clever acting of the principals accentuates the interest in the unfolding story.

The women of the United Presbyterian church will hold an exchange at the Kramer Meat market, Saturday June 30th. 9211

Just arrived today, all the latest sheet music. Boxley's Piano store. 9241.

A marriage license was issued yesterday afternoon to Victor B. [Name] and [Name].

## Dirty, Mean, Disagreeable, Dark Brown Taste Every Morning?

You need Pepsinco. Say it again so you won't forget it—Pepsinco—then stop at the drug store and get a small package—that is, if you have that taste.

10 doses 10 cents.

**Senreco**  
The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

- Birmingham, Alabama, Mar. 20, 1917. I am using Senreco myself. Gums have improved wonderfully.
- Rochester, N. Y., Feb. 7, 1917. I find Senreco a great help in my work.
- Chicago, Ill., Mar. 10, 1917. I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.
- Philadelphia, Pa., Jan. 22, 1917. Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.
- Columbus, Ohio, Oct. 20, 1916. I find Senreco very beneficial.
- Chicago, Ill., April 7, 1917. I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.
- Buffalo, N. Y., Oct. 12, 1916. Am well pleased with Senreco—as are my patients.
- New York City, Mar. 27, 1917. Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco; druggist or toilet counter today. Costs only 25c for large 2 oz. tube.

## Notice to Contractors.

Notice is hereby given that the Board of Commissioners of Rush County, Indiana, will receive sealed bids at their office in the court house at Rushville, Indiana, up until 2 o'clock p. m. on

**MONDAY, JULY 2, 1917,**

for the construction of the Henry E. Guffin et al. road in Union township, Rush county, Indiana, according to the plans and specifications now on file in the county auditor's office. Said road to be constructed of macadam, 14,800 feet in length. Estimated cost, \$45,000.00. Bids must be accompanied by bonds as by law required. The Board reserves the right to reject any and all bids.

Witness my hand and the seal of the Board of Commissioners this 11th day of June, 1917.

**WILLIAM H. MCILLIEN,**  
Auditor Rush County, Ind.  
June 15-22-29

## NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County, In the Rush Circuit Court, May Term, 1917.

Alta Grimes vs. Jesse L. Grimes.  
Complaint No. 1176.

No comes the plaintiff, by Chauncey W. Duncan, her attorney, and files her complaint herein, together with an affidavit, that the residence of the defendant, Jesse L. Grimes is unknown and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless he be and appear on the first day of the next term of the Rush Circuit court, to be holden on the first Monday of September A. D. 1917, at the court house in Rushville, in said county and state, and answer or demur to said complaint, the same will be heard and determined in his absence.

In witness whereof, I have hereunto set my hand, and affixed the seal of said court at Rushville, Indiana, this 20th day of June, A. D. 1917.

**GEO. B. MOORE, JR., Clerk.**

## JOSHUA KINGFIELD IS DEAD AT MOSCOW

Aged Miller, After Five Years of Helplessness Due to Paralysis, Expires Thursday

## WIDOW AND 2 DAUGHTERS LEFT

Joshua Kingfield, 68 years old, died yesterday at his home in Moscow, following a long illness from paralysis. He suffered the first stroke about five years ago and since that time had been practically helpless. For many years Mr. Kingfield was engaged in the milling business in Moscow. He was born in Shelby county but had lived in Moscow for the past forty years. He is survived by his widow and two daughters, Mrs. E. G. Barlow of Moscow and Miss Mina Kingfield of Shelbyville. The funeral services will be conducted Saturday afternoon at two o'clock in the Moscow Christian church by the Rev. John Seidl. Burial will take place in the Moscow cemetery.

## A. G. TARPLEE PROMOTED IN THE ARMY SERVICE

Continued from Page 1.

company is rated as being the best in the group, which consists of eleven truck companies. He points out that the name which a truck company has depends much on the truckmaster and that a poor truckmaster will ruin a company just as quickly as a poor commander. Truckmaster Tarplee now has a clerk of his own and finds his work is not so confining as formerly and that he has a little time for rest and recreation. His company consists of thirty three-ton trucks and one roadster and he is keeping all of the trucks on the road every day, according to his letter. This is enough to keep one man busy, let alone looking after the company in general, writes Mr. Tarplee.

Mr. Tarplee says that the promotion came to him unsolicited. He also intimates that his company may be transferred to Louisville, Ky., and expresses a hope that the rumor may become a reality.

## With The Churches

Beginning Sunday Masses at St. Mary's Catholic church will be at 7 and 9 o'clock. Benediction will follow the second Mass.

Services will be held at the Salvation Army church in South Pearl street, with Capt. Van Edmond in charge, as follows Sunday; 10:30 a. m., Holiness meeting; 1:45 p. m., Sunday school; 8 p. m., Salvation meeting. Everyone is cordially invited to attend.

Services will be held at the First Presbyterian church Sunday as follows: 7 a. m., "Quiet Hour"; 9:30, Bible school; 10:15, meeting of session to receive church members; 10:30, divine worship, sermon by the pastor, "The Four-fold Life," to be followed by holy communion; union service of churches in evening at 7:30, with sermon by the Rev. C. M. Yocum on the subject, "We Would See Jesus."

Morning services at the Main Street Christian church will begin at 9:15 and immediately following Bible school, church services will be held and the Rev. C. M. Yocum will preach on the subject, "Liberty and Its Cost." In the evening the pastor will preach at the union meeting at the First Presbyterian church.

## SELECTS W. R. POUNDSTONE

R. N. Elliott Announces Appointment of Richmond Man

Richard N. Elliott, congressman-elect has announced the appointment of W. Ramsey Poundstone of Richmond as his secretary. Mr. Poundstone has been a political writer on the Richmond Palladium for several years. Ed Warfel, also of Richmond, who was secretary to the late D. W. Comstock, sought the place and in deciding the appointment Mr. Elliott took the opinion of the Wayne county delegation to the convention here and found that the majority favored Poundstone.

## BRITISH STRIKE A TREMENDOUS BLOW

Capture German Positions on Front of 2,000 Yards Southwest of Oppy Today

## FRENCH REPULSE ATTACKS

(By United Press.)

London, June 29.—British troops struck a sudden and tremendous blow today southwest of Oppy, capturing German positions on a front of 2,000 yards and taking all objectives. Field Marshal Haig also reported additional successes at Avion.

Oppy is one of the foundation points of the entire German line. It is about six miles from Lens, so that the assault there may be considered a part of the general offensive against the coal city.

The Germans evidently had withdrawn many troops too near Lens to meet the British attack there and Haig choose a weak place in the German line at Oppy for the attack.

The Paris officials statement declared today that heavy blows were struck by the Germans on the banks of the Meuse but all failed.

## County News

## Summer

The Quarterly meeting was held at the Wesleyan church, Saturday and Sunday. The Rev. Aaron Worth presided.

Mrs. Mary Zike fell while coming up the stairway from the cellar, Saturday, and cut her head and bruised her hand, but she was not seriously hurt.

Mr. and Mrs. Claude Rigsbee and son, Paul William, Mrs. Emma Fall and Miss Aletha Young, of Carthage, attended the Quarterly meeting here.

Mr. and Mrs. John W. Zike went to Indianapolis, Tuesday to visit John Henry Hester.

Albert McMichael has a new automobile.

Mr. and Mrs. W. O. Swain, D. M. Pressnall and family and others from this community attended the home coming at the U. B. church at Gwynneville, Sunday. They had Children's Day exercises in the morning and the Rev. Mr. Lyddy preached an excellent sermon in the afternoon.

A sumptuous dinner was served in the school house at the noon hour.

The Epworth League at the M. E. church at Arlington has elected the officers for the coming year. Mr. Arbuckle is president. Miss Laura Lampus appoints the leaders for the devotional meetings. These meetings are now held on Wednesday evening, at 7:30. The subject of the lesson for Wednesday, 4th is, "Where Are You Placing Your Influence?" Essie K. Pressnall will be leader. All are invited.

Some from here attended children's Day exercises at Arlington Christian church, while others went to Manilla and Pleasant Ridge.

Mrs. Gusta Glass, of Greenfield, has been visiting in the community.

## HEATING PROBLEM WILL CONFRONT COUNTY COUNCIL

Continued from Page 1.

were attached to this return pipe in order to do away with the hammering, which prevailed at that time.

On account of the distance the heating plant is away from the building there is naturally a loss of heat and it is figured this would be eliminated by placing the plant under the building and at the same time effect a saving in the fuel bill.

The boilers at the heating plant are said to be in bad condition and new ones may possibly be required. New boilers would cost upwards of \$10,000 and the commissioners and county council will try and figure out which would be the cheapest, to repair the old plant or erect a new one under the building.

The question has been up many times before and there has always been a divided opinion on the question.

## FESTIVAL

Hannegan Christian church will give a festival Friday evening, June 29th. The public is cordially invited. 89tf.

## WOMEN GIVE OUT

Housework is hard enough when healthy. Every Rushville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Rushville woman's experience:

Mrs. Joseph S. Endicott, 125 S. Harrison St., Rushville, says: "Sometimes I overdo at my housework and take cold and it is at just such occasions as this, that I have trouble with my back. Once the doctor pronounced it an attack of lumbago. My back became so lame that I was miserable and everything in the way for work wore me out. When stooping, sharp catches seized me across, the small of my back. Doan's Kidney Pills, which I got at Pitman & Wilson's Drug store never failed to cure me of these spells."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Endicott uses. Foster-Milburn Co., Props., Buffalo, N. Y. —(Adv.)

# Public Auction

Of the late Daniel Kerschner Farm of 55.34 acres  
SATURDAY, JULY 14th, 1917  
At Two O'clock P. M.

at the northeast door of the court house in Connersville, Indiana, the children of the late Daniel and Ellen Kerschner will sell to the highest bidder the above tract of land off of the north side of the southeast quarter of Section 12, Township 14, Range 12, in Fayette County, Indiana.

This farm is of the level second bottom land of Whitewater River, on and just south of which farm is located the rapidly growing manufacturing city of Connersville. North Connersville adjoins this farm on the east and Tiviston nearly adjoins it on the south. It fronts to the west and is on the Dixie Highway. It is within one-half mile from the public scales and suburban shipping station, and one-fourth mile from the new concrete Grand avenue pavement, and a like distance from Roberts Park. This is the original alfalfa farm in Fayette County, on which alfalfa has grown continuously for fourteen years, and is in as high a state of cultivation as any farm in Fayette County. Has nearly a new eight-room house, a garage and the usual farm and out buildings, and has been continuously in the Kerschner family for 81 years.

**TERMS**—Not less than one-third of the purchase price, cash. And the balance in five equal annual installments, providing for 6% annual interest. Secured by mortgage on land and evidenced by notes payable in bank. Purchaser may pay as much more than one-third, even to all, as he desires. The Auctioneer will be pleased to show any prospective buyer over the farm. Possession by August 1st.

## DESCRIBES CAMP LIFE ON BORDER

Albert E. Armstrong, Formerly of  
Near Glenwood, Now Member of  
Co. F. 64th Infantry

WRITES LETTER BACK HOME

Says All International Bridges and  
Buildings at El Paso Are Be-  
ing Well Guarded

The following is a letter from Al-  
bert E. Armstrong, formerly of near  
Glenwood, who is a member of Com-  
pany F, Sixty-fourth United States  
Infantry, stationed at Fort Bliss  
Texas.

Our company has been in El Paso  
since last Sunday. We are here on  
special guard duty, guarding all gov-  
ernment buildings, the city power  
plant, ware houses, gas tanks and  
the two bridges that cross the Rio  
Grande into Juarez, Mexico. There  
is nothing more serious than usual,  
but the border is being very care-  
fully guarded. There is always some-  
thing doing along the border.

A band of Mexicans fired on a  
company of U. S. cavalry at Ysleta  
Tuesday night (June 12). A com-  
pany of infantry from our regiment  
was hurried to Ysleta, but there was  
no further trouble. Ysleta is only  
ten miles east of here.

We will be relieved of guard duty  
next Sunday (June 15) and will re-  
turn to Fort Bliss. Next week we  
go to the rifle range for a week's  
target practice. We are not allowed  
to cross over into Juarez, but can  
go all over El Paso when we are off  
duty. The business and residence  
sections of El Paso are up-to-date  
and are as nice as any of our In-  
diana cities. But the Mexican quar-  
ters along the Rio Grande are filthy  
and over-crowded.

About two-thirds of El Paso's  
ninety thousand inhabitants are  
Mexicans. Every Mexican "casa"  
has from one to six kids and an av-  
erage of a dozen cats and dogs all in  
one room.

We have been in Texas just one  
month today (June 15) and are al-  
most used to the climate and sag-  
dstorms. The temperature ranges  
from 102 to 118 and there is no  
shade. There is always a breeze  
from the Pacific ocean six hundred  
miles to the southwest of us. The  
wind blows almost invariably from  
the southwest. We have a sand-  
storm every other day. I would  
rather face our fiercest snowstorms  
than to be out in the commonest

## RUSHVILLE MAN MAY BE IN FRANCE

Last Letter Received From J. O.  
Sommerville Written June 10  
at Hoboken, N. Y.

WAS TO HIS MOTHER, MRS. FOX

He Says They Expected Orders to  
Proceed to West Battlefront—  
Promoted to Sergeant

A Rush county man is probably  
with Gen. Pershing's forces in  
France. The soldier referred to is  
J. Oden Sommerville, son of Mrs.  
Christian Fox, corner of First and  
Pearl street. There is every reason  
to believe that he landed in France  
Wednesday with the detachment of  
Gen. Pershing's troops.

Sergeant Sommerville is now in  
command of a motor truck, having  
been promoted to the motor service  
because of his competent service the  
last six years. Mrs. Fox received  
a letter a short time ago dated June  
10 and sent from Hoboken, N. Y., in  
which her son stated they were there  
awaiting orders, expecting the or-  
ders to carry them to France.

Sergeant Sommerville was with  
Gen. Pershing's forces last summer  
in Mexico and for the past few  
weeks had been in the east getting  
ready for the expedition to France.  
The letter, which is the last word  
Mrs. Fox has had from her son, fol-  
lows:

Hoboken, N. Y.

June 10, 1917

Dear Mother:—

We are here awaiting orders and  
what those orders will be nobody  
knows but I think will be orders to  
proceed to France. Now don't  
worry about this for I am in branch  
of the service where there is very  
little danger for we will never be  
right up at the first line as the other  
troops will be for the motor trucks  
will be hauling supplies from the  
rear and will never be very close to  
the enemy at any time.

Now if you will just look at this  
in the same light as I do you will be  
glad you have a son to send and only  
sorry you have not got more. I  
passed through Indianapolis about  
five days ago but did not stop and it  
was about two a. m. when we got  
there so I could not see you as I  
would liked to. Give Glen my best  
love and tell him to be good. I am  
sending you the only picture I have  
and it is not a very good one but it  
is all I have. Well, I will have to  
close for this time. With all the  
love a son can have for a mother  
and brother.

ODEN.

Address: Motor Truck Co. No. 104,  
D. Q. M., New York.

sandstorms here.

Our regiment is made up of offi-  
cers and men transferred from the  
Thirty-fourth infantry and about  
one thousand volunteers. There are  
several boys from Indiana in my  
company. Vert Conner of Center-  
ville, Herschel Showalter of Rich-  
mond and a young fellow named  
Shank of near Waterloo are the ones  
with whom I am best acquainted.  
There were a lot of homesick boys  
while we were at Camp Baker. Af-  
ter we moved to Fort Bliss and be-  
gan drilling, they brightened up and  
now are becoming accustomed to ar-  
my life in Texas whirlwinds.

We do not know how long we will  
be at Fort Bliss nor where we will go  
when we leave Fort Bliss. We all  
hope that we will be transferred to  
some training camp in the north or  
east where we can see something be-  
sides cactus, sage brush, sand and  
barren mountain peaks.

The Sixteenth infantry left Fort  
Bliss two weeks ago and it is report-  
ed they were bound for France. That  
is General Pershing's regiment. We  
may be called any time, but as  
months. There is some talk of split-  
ting the regiment again. As soon as  
they start to draft, if the regiment  
is divided to form a new one, we may  
be kept in the United States until  
next spring. We are sure to see ser-  
vice abroad if the war lasts that  
long. Unless America does some-  
thing on the west front this autumn,  
it is sure to last far into 1918.

By the way, our regiment has the  
honor of purchasing more Liberty  
bonds than any other regiment and  
it is the baby regiment at that.  
(That is it is the newest regiment.)  
I could tell you much about our

daily camp life and some amusing  
incidents that happen every day, but  
I will tell about that later. I will be  
pleased to hear from all my Hoosier  
friends and will write, as promptly  
as possible.

## Satisfied Customers

OUR POLICY IS TO OFFER QUALITY AND FIT.

**Bodine's Footwear Pleases**

And we insure your friendship and repeated patronage after a  
trial of the genuine.

Come in today and see the smart new models, correct styles and  
fashion's favored shades.

## Cox's Shoe Store QUALITY HIGHER THAN PRICE

In this era of high prices the above is a daring statement to  
make, but we are fully prepared to make good on it.

Our superb line of SHOES FOR MEN carries exactly the  
qualities that every "man who knows" values above price.

Our splendid line of SHOES FOR WOMEN have all of the  
same qualities. These lines of shoes are the pears of any now  
on the market. Wear them once—you'll keep right on.

Let us FIT you with as near a PERFECT shoe as is made.

**Winship and Denning**

## Attention Mr. Farmer

Vaccinate your hogs with the Swine Breeders Pure Serum made  
at Thorntown, Indiana, and be assured of good success  
in your vaccination.

We administer serum for \$1.75 a hundred or 1 3/4 cents a cc. for  
non-stockholders. That is, put in the hog, and \$1.35 per c. c.  
for stockholders. This is strictly a high class serum and gives the  
farmer good insurance against the ravages of HOG CHOLERA.  
We are prepared to answer calls for vaccination at all times and  
have an office with the Nipp Insurance Co., over the Rushville  
National Bank.

**SWINE BREEDERS PURE SERUM CO.**  
RALPH H. MILES, Representative.

Rushville Phone 2084 or Raleigh Phone.

**ANTS — ANTS — ANTS**

**Do They Trouble You?**

They should not. We can get rid of them for you.  
**WOLCOTT'S ANT POWDER WILL DO THE TRICK.**

**F. E. WOLCOTT, Nyals Druggist.**

**Four Models of Reo Fours**

THIS SEASON YOU CAN have your favorite car—Reo the Fifth, "the Incomparable Four"—in any of the models shown here.

THE MOST POPULAR, of course, is that wonder-ful five-passenger touring car.

IT IS SAID that more cars of this model than any other make, crossed the Continent last season.

JUST THINK OF THAT—a trip that a few years ago was considered impossible—till a Reo proved it wasn't.

THE ROADSTER (3-passenger) comes next in popu-larity, and then the two models equipped with "All Seasons" tops.

NOW, NO MATTER which of these four Reo models you prefer, there's one rule that applies to all—the tremendous over-demand.

ONLY THOSE WHO order now and take delivery, can be sure of getting a Reo of any model.

SO DON'T DELAY—today won't be a minute too soon.
